

WKK dominated the domestic U13 tournament

Only two teams in the U13 category remain undefeated, and one of them is WKK Wrocław, who did not find a winner in the home tournament and are thus one of the main favorites of the whole competition.

As one of the participants excused himself due to illness just before the tournament, the team of the home club WKK Wrocław was added to the lineup, but it was made up of older boys and thus started the tournament out of order.

Despite the relegation of this all-conquering team, the home team remained at the top of the table at the bottom of the table. This time, the regular U13 team WKK Wrocław, which won its matches quite convincingly and deservedly enjoyed the first place.

Two Czech teams Válečníci Děčín and BK Brandýs nad Labem fought for second place. After an even first half, Děčín decided for themselves in the second half.
