

Second triumph for Olomouc at the U14 tournament

After the victory in the home tournament, the players of BCM Olomouc did not find a conqueror even in the tournament in Teplice and improved their overall record to 13:2. All three teams from the Czech Republic occupied the podium.

The players BCM Olomouc went through the tournament in Teplice quite confidently, and they fought the hardest on Saturday evening in the battle of two undefeated teams with BK Brandýs nad Labem. However, they managed to win this match as well and thus obtained their second victory at the tournament this year. Their opponent took silver.

The home players played a dramatic match for the bronze with the German team Mitteldeutsche Basketball Academy. In the end, the boys BK Teplice defended their one-point victory, thus completing the podium.

In the Slovak battle for the only win, the players Slávia Trnava won, for which it was also the first triumph of the year. This year's competition in the U14 category will end with at least one victory for each of the 18 teams.
