

Ostrava won the U14 regular season without defeat

Third tournament and third gold, that's an excellent balance of basketball players of the NH Ostrava team in the U14 category. They claimed their last triumph at the weekend in the Wroclaw tournament, where they again failed to find a winner.

BK NH Ostrava confirmed its position as the main favorite for the overall victory in the U14 category even in its third tournament. They are still looking for a team that could beat Ostrava. We'll see if someone succeeds in the final tournament, or if, on the contrary, Ostrava confirms its dominance this year.

One of the main challengers will certainly be the players WKK Wroclaw , who lost to the winners by only 5 points on the home board and thus took the silver.

The podium was completed by another participant in the final tournament, which is the PGE Spójnia Stargard team.

The results of the other matches were relatively clear, so the boys BBA Komárno took the fourth place to Slovakia and the players of UBC Münster took the fifth place to Germany.

SKM Zastal Zielona Góra a traditional participant in our competition, ended without a victory at the tournament this time.
