

Slask Wroclaw the winner of the last U15 tournament

The tournament in Chomutov concluded the long basic part in the U15 category, which included 10 tournaments. The final one was clearly dominated by the Polish team WKS Slask Wroclaw, which only confirmed its progress to the finals.

The small drawback of this tournament was that, after some planned participants deregistered, it took place in only 4 teams, so everyone had three competitive matches and one extra bonus, but already off the table.

The Polish team WKS Slask Wroclaw went through the tournament with complete control, clearly dominating all their matches by a large margin. Even more drama took place on the next rungs, when the remaining three rivals managed to beat each other and their mutual scores were the deciding factor. Thanks to this, another Polish team Basket Team Suchy Las took second place, and the bronze went to the host club Levharti Chomutov. With the same balance of wins and losses as the silver team, but without a medal, the boys Královští Sokoli Hradec Králové finished.
