

Beksa wins the ninth tournament in the U15 category

The tournament took place in the Polish city of Ostrów Wielkopolski. With this performance, Beksa has almost secured her participation in the final tournament, which will take place in the same Polish city.

On the first day of the tournament, Beksa faced the team Vlci Žďár nad Sázavou, which tried to slow down Beksa's "take-off", but despite a great effort and quality performance, they lost by a larger point difference. In the second match of the day, against the Slovak team BK Inter Bratislava they set the pace of the game from the beginning, and Beksa's forty-three points scored in the first quarter determined the character of the match. An interesting match ended the first day's program, played between the home team AK Stal Ostrów Wielkopolski and Vlci Žďár nad Sázavou. The Wolves did not enter it in the best way, allowing the home team to rebound to a double-digit difference in the score several times, and although they came close to "shooting range" in some phases of the match, they ultimately lost by a difference of ten points. This match, as it turned out later, decided the third place in the tournament.

Saturday's program did not bring any major dramas, the favorites won the matches by a comfortable margin. It is worth mentioning the brave fight of Oberpfalz Hunters team players, who due to health complications are coming to the tournament with a rotation of only eight players. Despite this fact, they managed to play a decent game with Beksa and the wolves from Žďár nad Sázavou.

Sunday was no longer Friday the 13th, but it still brought no luck to the Oberpfalz Hunters team. The health of some players deteriorated so much that the German team did not even have enough players to start the match and BK Inter Bratislava, který thus won more easily than they themselves would have liked. In the second match of the Sunday program, SKM Zastal Zielona Góra thoroughly tormented the Czech team Vlci Žďár nad Sázavou, who won by a difference of three points after a great fight. The tournament ended with a duel between the home team and Beksa. Although the home team could rejoice in the bronze medals after the match, it had to feel a certain bitter aftertaste, since in the last match with Beksa it lost by a difference of almost forty points.
