

Stargard wins U17 tournament at home

The fourth tournament of the U17 category took place in the Polish city of Stargard. The home team did not have an easy path to victory. It was especially clear from the other medalists NINERS Chemnitz Academy and WKS Slask Wroclaw that they would not "sell their skin cheaply".

The first match of the tournament is determined by the capabilities of the individual teams. The home team beats Basketpoint Frýdek-Místek, which due to circumstances arrived at the tournament with a combined squad supplemented by younger players. The second match was a Polish derby between WKS Slask Wroclaw and SKM Zastal Zielona Góra. The WKS Slask Wroclaw team completely dominated here. The first round of matches is closed by the duel between the team from Hradec Králové and Chemnitz. Here Hradec showed a nice performance until halftime, but in the second half, German precision wins over Czech dribbling.

The highlight of the day was another Polish match, between the home team and WKS Slask Wroclaw. Stargard took a slight lead right from the start and although Wroclaw tried to turn the lead over to their side throughout the match, they lost by a difference of seven points.

Saturday was marked by early Christmas "gifts", when the hundred-point mark was broken four times and once it was only a few points short of it. The drama was offered only by the match that closed the Saturday program. The main roles were played by the home team of Stargard and the German academy from Chemnitz. The machine precision of the home team, which we already know from tournaments, was equal to that of the German team. In the end, after a nice fight, the home team wins, which is key to winning the gold medals.

On Sunday, Hradec Králové wins over Frýdek-Místek. Chemnitz confirms its silver medal with a clear win over WKS Slask Wroclaw. And at the end of the tournament, Stargard easily defeated SKM Zastal Zielona Góra.
