

Dolny Slask dominates the U14 tournament

The first tournament in the U14 category was dominated by the Dolny Slask team with an absolutely dominant performance. The tournament was hosted by the city of Gorzów Wielkopolski.

The tournament started with a match between the home team Kangoo Basket Gorzów Wielkopolski and the regional team Dolny Slask . The winner was already decided halfway through the match, the difference of almost seventy points was more than abysmal and the Dolny Slask team claimed its first win in the tournament. The second match of the day offered a more even match. The opponent Górnik Airteam Walbrzych was the Academy Potsdam team, which traveled from Germany. The first half was very even, in the third quarter the German team set a higher pace and gained a double-digit lead in the score, which it then cherished until the end of the match. The last two Czech teams to enter the tournament are BK Gapa Hradec Králové and Academy NH Ostrava . This match, as it later turned out, was a match for silver. Ostrava got into a double-digit lead in the first quarter, which it patiently increased until the end of the match.

On Saturday, the most interesting match for third place in the tournament was held, where the team from Hradec Králové had to repel attacks from the teams Kangoo Basket Gorzów Wielkopolski and Górnik Airteam Walbrzych . In both cases, it succeeded relatively smoothly, gaining a double-digit lead in the score after the first quarter. And considering that Hradec also won significantly over the team Academy Potsdam on Friday, the bronze medals go to East Bohemia.

The basketball academy from Ostrava actually sailed through the entire tournament inconspicuously, losing only to the regional team Dolny Slask and winning silver. On Sunday, the tournament ended with a rather dramatic match between the home team and the Academy Potsdam team. Despite the fact that it was a duel for fourth place in the tournament, the duel was "on a knife's edge". The home team tried hard for its second win, but German "precision" won.
