

BK Inter Bratislava wins the U15 tournament

The fourth tournament in the U15 category was hosted by the city of Litoměřice. Of the five participating teams, the Slovak team BK Inter Bratislava demonstrated the greatest quality and thus earned a well-deserved victory in the tournament.

The tournament was opened by the home team Slavoj BK Litoměřice, who challenged the German team Science City Jena to a duel. Slavoj gained a double-digit lead in the first half of the match, which they calmly controlled until the end of the match. The second match of the day was very interesting, intense and very offensively oriented - a total of 220 points were scored, which is really unusual for this category. It was a Slovak derby between the teams BK Inter Bratislava and BSC Bratislava. The spectators must have really liked it, great commitment, great individual performances, great actions... excellent advertising for basketball. In the end, Inter did better and won its first victory in the tournament. In the last match of the day, Slavoj challenged the Polish team Oknoplast Inter-Bud Kraków. In the first half of the match, Slavoj was slightly losing and it took a lot of strength to get back into the game for victory. It managed to do this at the end of the third quarter, where it took the lead by just one point. However, Krakow came into the final act with more intensity and ultimately secured a victory by six points.

On Saturday, the home team decided to mix things up in the tournament. Slavoj "caught the Slovak team BSC Bratislava by surprise". The match was so fierce that blood was literally flowing. A doctor even had to intervene and sew up a torn eyebrow, it must be added that this clash was completely innocent. The stormy and relatively tough match was ultimately won by the home team Slavoj. Slavoj then played a relatively decent match with the future winner BK Inter Bratislava.

On Sunday, BSC atoned for its loss to Slavoj when, after a good performance, it defeated the Polish team Oknoplast Inter-Bud Kraków. Here, our favorite mini-table of three teams comes into play again, where Slavoj has the best record and wins silver medals, BSC takes bronze, leaving Krakow with the unpopular "potato medal". In the last match of the tournament, Inter defeats the German Jena and confirms the gold medals. Although Jena did not win any games in the tournament, it surprised with its basketball quality and performance, and one could say that their future is yet to come.
