

Basket Poděbrady wins the U13 tournament

The fourth tournament in the U13 category was hosted by the Polish city of Wrocław. The first place in the tournament was won by the Czech team Basket Poděbrady, which is a newcomer to CEYBL tournaments, but immediately laid a good foundation for participation in the final tournament.

In the first match of the tournament, the home team WKK Wrocław challenged the Ukrainian team BC Uzhhorod to a duel. WKK did not enter the match well and lost by a double-digit margin after the first quarter. They were unable to close the Ukrainian team's lead throughout the match and lost by a margin of twelve points. In the second match, the Slovak team ŠBK Galaxy Košice competed for victory with the Polish team PGE Giek Turów Zgorzelec. The Polish team, whose first team also played in the Euroleague in its most famous period, did not enter the match ideally and lost by a margin of ten points after the first quarter. They came within striking distance in the middle of the match, but that was all for them and the Slovak team won its first victory in the CEYBL tournaments. The third match offered very high-quality mini-scholarship basketball, in Czech style. The Central Bohemian team Basket Poděbrady played a close match with the Moravian-Silesian team Basketpoint Frýdek-Místek. This match offered a great basketball spectacle, where the team from Poděbrady ultimately performed better. As it turned out later, it was a duel for first place in the tournament. Basketpoint also played an exciting game in its second Friday match, this time against the Slovak team ŠBK Galaxy Košice. After a bad start and a balanced course, it won the victory with an improved performance in the last quarter.

On Saturday, WKK led Zgorzelec by several points for three quarters, but they could not manage the end of the match and lost by a single basket. The Ukrainian team also wanted to make a difference in the medal standings, first playing an even match with Basketpoint, which only won in the last quarter. Then on Sunday morning, they had a direct match for bronze medals with the Slovak team ŠBK Galaxy Košice. After losing the first quarter, Uzhhorod took the initiative and slowly and patiently closed the gap on the Slovak team. After the third quarter, Uzhhorod got an eight-point lead, which they did not let go, and thus won the bronze medals. In the other matches on Sunday's program, Poděbrady confirmed their gold medal win over Zgorzelec, and Basketpoint confirmed their silver medal win thanks to their win over the home team WKK.
