

BSC Bratislava wins the U14 tournament

The ninth tournament of the U14 category was hosted by the city of Česká Třebová, an important railway junction in the Czech Republic. The best performance was shown by the Slovak team BSC Bratislava, which thus took home the gold medals.

Friday's program offered three matches. First, the Slovak team BSC Bratislava challenged the Polish team SKM Zastal Zielona Góra to a duel. A very balanced performance, which was decided primarily by the wider rotation of the Slovak team. The second match of the tournament also had a lot of energy and was very balanced. The selection of the South Bohemian region, which performs under the name JBN boys competed with the Slovak team BBA Komárno . Komárno even in the "eight braves" managed to win after a balanced match. The last team to enter the tournament is the German team Thuringia Select Team . Zastal, disappointed with the loss to BSC, did not "fight" with them too much and awarded them a loss with a higher margin to enter the tournament.

On Saturday's program, the Slovak derby between BSC and Komárno is definitely worth mentioning. The team from the Slovak-Hungarian border entered the match better. They built a small lead, but lost it halfway through the second quarter and then, as they say, "pulled the short end of the rope" until the end of the match.

On Sunday morning, Komárno had to fight hard to confirm their bronze medal with the German team. They finally managed to do so with all their might. In the last match of the tournament, the Slovak team BSC Bratislava won in a relaxed atmosphere over the Czech team JBN boys , thus confirming their gold medal. The best scorer of the tournament is also worth mentioning this time, as 30.5 points per match is a respectable performance, achieved by Samuel Pospíšil from the BSC Bratislava team.
