

KS Korona 1919 RadwanSport Kraków wins the U13 tournament

The eighth tournament of the U13 category took place in the Polish city of Krakow. And the home team defended its fortress and won gold medals. Even though it was by just one single point, but more about that in the article.

In the first match of the day, which took place in snowy Krakow, the home team KS Korona 1919 RadwanSport Kraków challenged the Austrian opponent BBLZ - Reach the Top to a duel. The first quarter was somewhat "frozen" - how else to call it? The score was 8:6 for the home team, then Krakow warmed up better, gaining a double-digit lead by half the match. They then increased their lead and won comfortably. In the second match, the home team again took part, which was unusual, as the team from Opole had problems with transportation to the match venue. The home team therefore willingly helped, which almost paid off in the match with the Slovak team MBA Prievidza . The fresh Slovak opponent really put the home team under pressure and Krakow's fatigue accumulated even more. In the end, however, the home team managed to squeeze out the closest possible win by a single point at the end of the fourth quarter and was incredibly happy about it. It is also worth mentioning that Prievidza had the last shot at their disposal, which was not taken. In the afternoon program, the Polish team AK Stal Ostrów Wielkopolski played an even match with the Austrian academy BBLZ, which is based in the town of Klosterneuburg near Vienna, dominated by Klosterneuburské opatství , which you cannot miss when arriving from Vienna. The lead changed hands throughout the match, and at the end of the match, the Polish team was in a better mood thanks to a four-point lead. It is worth noting that the Austrian team arrived at the tournament with only a limited rotation of players, due to health complications. After all, the "cold" is an almost fatal disease for men. The last match of the day also brought great drama, it is not often that you lose this match when you hold your opponent to thirty-nine points. This was successful for the "Hornets", as they scored only thirty-seven points, probably the freezing Krakow didn't suit them that much and they would have been better off in the nest :-).

The entire Saturday program took place in a calm mode and the favorites confirmed their positions.

On Sunday, Sršni first defeats BBLZ, but they are not yet sure of a medal. They have to wait for the result of the match between Ostrów and Prievidza. If the Polish team had won, it would have pushed Sršni out of the medal positions. However, that did not happen. Prievidza thus confirms the silver medal. Písek can thus rejoice in the bronze on the way home. In the last match of the tournament, the home team calmly dealt with Opole and thus confirmed the gold medal win.
