

Inter Bratislava wins U18 final tournament in Písek!

The final tournament in Písku culminated this season for the U18 category. The four best teams after the regular season confirmed the role of the favorite and advanced to the semifinals. It should be noted, however, that both Zielona Góra and Crailsheim won matches for the 2nd place in the group after a balanced fight by the difference of a single basket.

In the 5th to 8th place fights, the Jízní Supi players showed the best form, winning the 5th place, although they had to play most of the tournament in only seven players.

Both semifinals fell completely according to paper assumptions and without any major problems to the finals advanced home Písek with Bratislava. Zielona Góra, who decided to win over Crailsheim in the first quarter and won 19 points, found more strength in the third place match.

The final match brought an amazing culmination of the whole season and the players of both teams put maximum energy into the match. In the end, the Inter-players made a mistake in their favor only during the last quarter and could enjoy the overall victory.

Big congratulations to all teams for the whole season and great results!
