

The U14 tournament in Wrocław was dominated by MKS Pruszków

***The first tournament of the new year was played by the U14 category in Wrocław, Poland. A full number of six teams took part in the tournament, although one team had to be replaced by another Pruszków team.***

From the first match, the later winner of MKS Pruszków confirmed his quality and, above all, his game maturity. The game of this Polish team was often full of offensive and defensive combinations, which can be seen at a later age. The opponents could not find a weapon for their varied game and there was not a single team that could defeat Pruszków and actually keep up with it significantly.

The last duel of the tournament was a direct duel of the home team WKK Wrocław against BK VIVIDBOOKS Pardubice for the second place. They scored a home win against an already very tired opponent, which secured them a silver medal.

The order for 4th and 5th place was decided on Saturday, when in the closest match of the tournament the Slovak team BK Lokomotíva Sereď lost its Polish opponent from SKM Zastal Zielona Góra by a single point.

Without winning, the youngest participant, the second team of MKS Pruszków with the designation 2009, took the last place.
