

Písek also won the third tournament in the U17 category

Even at the third U17 cadet tournament, which was hosted by Poland's Wroclaw, there was no team that could prevent Písek from winning. The team from the Czech Republic also dominated the third tournament of the season and secured a place in the final from first place.

Only 5 teams came to Poland for this tournament, so each team had one game less than usual. However, this did not in any way reduce the commitment with which the players went into the match, rather the opposite. Physically demanding and intense basketball was played and there were many balanced and dramatic duels.

The first such match was Friday's match between Sršni Písek and BK Lokomotíva Sereď, which had to be decided by extra time. In the other matches, Písek did not allow a similar drama and won the third tournament in a row without defeat.

The silver bar belongs to the host club WKK Wroclaw, which lost only to the winners and showed its quality in the other duels.

On Sunday, two Slovak teams fought a direct battle for third place, and in the end, the boys from MŠK BK Žiar nad Hronom were happy, beating BK Lokomotíva Sereď.

In the end, the Science City Jena players went back to Germany without a win from the tournament. Although they did not leave a bad impression with their game, it was not enough to win in the end.

Final standings of the tournament:

1. Sršni Písek (Czech Republic)
2. WKK Wroclaw (Poland)
3. MŠK BK Žiar nad Hronom (Slovakia)
