

The winner of THE FINALS U13 is BC Swiss Krono Żary

The second final awaited the youngest U13 category in Česká Třebová. The biggest favorites, that is BC Swiss Krono Żary and HAKRO Merlins Crailsheim, went smoothly to the finals, where they fought a wonderful and very balanced and dramatic duel.

The matches in the group have already shown that the German and Polish teams are great contenders for the overall triumph, after all, they both won their basic groups. While HAKRO Merlins Crailsheim also managed their semi-final against Válečníci Děčín without major problems, the later winner trailed Sršni Písek in the semi-final for three quarters. In the end, they managed to turn around in the final part, and perhaps this experience hardened them before the match for gold.

The final duel developed better for HAKRO Merlins Crailsheim for a long time, but in the same way as in the semi-finals, the players BC Swiss Krono Żary did not give up and in the end they managed to turn the lead over to their side.

In the Czech fight for third place Sršni Písek were finally happy, beating the third team of the regular season, Válečníci Děčín .

In fifth place is another Czech team BK Brandýs nad Labem , which played against the boys from Poland from SKM Zastal Zielona Góra team in the double match of the third teams from the groups.

Even the second final tournament after the U15 category showed what charge this format and the culmination of the season brings. It was the play-off matches, and in this case especially the final itself, that were really worth it and brought great drama and real emotions.

The final standings of the final tournament and at the same time the final overall standings of the 22/23 season:
