

Děčín advances to the final without defeat

The final tournament of the regular season in the U14 category was hosted by Chomutov, and even in their third participation, the Děčín Warriors did not find a winner and thus became the clear winners of the regular season and at the same time the main favorites of the final tournament.

A number of balanced duels, including double overtime, were seen in Chomutov. As many as 7 games ended with a difference of up to 8 points, and several times it was by a single basket.

Válečníci Děčín confirmed their role as favorites and managed all the matches without any major complications, thus sovereignly dominating the last tournament of the regular season. The current Czech multiple champions are thus the main contenders to win in the final tournament, but the final is a separate tournament and so nothing is clear in advance.

The second place belongs to the Austrian group BBLZ - Reach the Top , which lost only to the winner here. However, the third team Thuringia Select Team managed to defeat only after the second overtime.

Great drama awaited the Germans even in the duel with the home team Levharti Chomutov , and in the end they won with a difference of only one basket and were happy with the bronze. The unpopular fourth place was left for the hosts.

ADFORS Basket Litomyšl and WKK Wroclaw caught the tournament in their weakest form. Both scored one victory each, but thanks to a better match against each other, the team from the Czech Republic ended up in 5th place.

Final standings of the tournament:
