

WKK Wrocław as the winner of THE FINALS U14

The final tournament of the U14 category was hosted by Polish Zielona Góra. Since only 5 teams took part in the tournament, the format of the finals was modified, where it was played as in a classic tournament with a one-on-one system.

The paper favorite of the entire tournament was the winner of the regular season Válečníci Děčín , who did not lose even once in the season. There were also high expectations from the Polish team WKK Wrocław , which played with younger boys in the season, but brought a team made up of players of this category to the finals.

Well, it was the fight between these two teams that was the highlight of the entire tournament and it was a very dramatic and balanced match to watch. The Polish team won by a single point, so they can enjoy the overall first place. The only loss this year condemned Děčín to second place.

The bronze went to the host team SKM Zastal Zielona Góra , who presented themselves in very good form on the home scoreboard. On the contrary, this final did not go well at all for another of the favorites, the Austrian BBLZ - Reach the Top, who ended up in last place without a win. Thanks to the win in the mutual match, the Slovak team ŠBK Handlová got ahead of them, who accepted the invitation to the final as a substitute and thus completed the lineup of five participants.

The final standings of the final tournament:

1. WKK Wrocław (Poland)
2. Válečníci Děčín (Czech Republic)
3. SKM Zastal Zielona Góra (Poland)
4. ŠBK Handlová (Slovakia)
5. BBLZ - Reach the Top (Austria)
