

Stargard the winner of the U14 tournament in Brandýs

The third tournament of the U14 category took place in Brandýs nad Labem, and the remaining teams also participated in the competition. The role of the favorite was confirmed by the Polish team PGE Spójnia Stargard, who dominated all their matches and deservedly won the tournament.

The clear dominance PGE Spójnia Stargard is best demonstrated by their results. These boys managed to win all games by a margin of at least 39 points and averaged almost 97 points per game. So there is no doubt that the first place cup is in the right hands.

The home players BK Brandýs nad Labem lost to the winners right away in the opening match of the tournament by the smallest difference of 39 points. The organizers managed the next three matches without any problems, until in the final match they had to turn the match against Mitteldeutsche Basketball Academy in the final period. In the end, this German team finished just short of the winners' podium, as they lost to another German team Thuringia Select Team by a difference of only 3 points.

The last two places were shared by teams from Slovakia. Even their mutual match was very balanced and in the end the players BBA Komárno beat their opponent from MBK Karlovka Bratislava by 5 points.

Final standings of the tournament:

1. PGE Spójnia Stargard (Poland)
2. BK Brandýs nad Labem (Czech Republic)
