

Win for Ostrów Wielkopolski in the U13 tournament

The next stop in Walbrzych, Poland was dominated by the players of ORLEN Akademia BM Stal, who made their first tournament forgettable and this time won all their matches and are moving up in the overall standings.

Only five teams were originally supposed to start at this tournament, but in the end the lineup was expanded by the Czech team Vlci Žďár nad Sázavou , who thus claimed their premier participation in the competition. However, his results are not included in the overall table.

As already mentioned, ORLEN Akademia BM Stal dominated the tournament without hesitation, playing the most balanced duel against the home team Górnik Airteam Walbrzych . As this was the only loss of the organizers, the silver bar remained at home.

The third place goes to the newcomer Vlci Žďár nad Sázavou , who left a good impression at the tournament, even though he started outside the overall ranking.

Another Czech team, Sokol Pražský finished just below the podium.

The fight for the only win was even after three quarters, but the last part decided the victory Korona 1919 Krakow , which condemned Basketpoint Frýdek-Místek to the last place.

Final standings of the tournament:
