

Nymburk wins the U14 tournament in Žary

Although Nymburk leaves the sixth tournament in the U14 category with a record of 5:0, its path to victory was definitely not easy. The closest Nymburk came to defeat was with the German team Freak City Bamberg, where Nymburk won by a single goal.

The home team BC Swiss Krono Žary, already a traditional participant in CEYBL tournaments, started the derby tournament with another Polish team AK Stal Ostrów Wielkopolski.

However, the home team did not enter the tournament very well and they lost by a large margin. The team was certainly in a better mood after the win over the Czech team Jižní Supi, but probably no one expected that this would be the last win in this tournament. Friday offered three national derbies, one Polish, one Czech and one German, which was probably the most interesting. The match between Mitteldeutsche Basketball Academy and Freak City Bamberg was very even in the first half, in the third quarter Bamberg created a double-digit lead, which it maintained until the end of the match.

Nymburk probably didn't like the game of the German teams at all. On Friday, they had big problems with Mitteldeutsche Basketball Academy, but they won by eight points. Saturday's performance with Freak City Bamberg brought drama. Nymburk didn't enter the game well and until the fourth quarter they were closing the gap on the German team. In the last quarter, there was a tug-of-war for every ball and in the end, "luck" was on the side of Nymburk, who won by a single basket.

In the opening match on Sunday, Bamberg easily defeated Jižní Supi and confirmed its position on the podium. AK Stal Ostrów Wielkopolski had no problems with Mitteldeutsche Basketball Academy and thus won silver in the tournament. And the tournament was closed by the home team's match with Nymburk, who, after a good start to the match, literally stumbled to the overall triumph in the tournament.
