

Gromy Nowy Tomyśl the winner of the U14 tournament

The Polish team Gromy Nowy Tomyśl became the winner of the second U14 tournament hosted by the Slovak city of Komárno. The Polish team finished the tournament with a score of 5:0, but its path to triumph was not as easy as it might seem at first glance.

The first match was a duel between the home team BBA Komárno and the eventual winner - the Polish team Gromy Nowy Tomyśl. The first quarter was played in a cautious spirit and with an almost even score. In the second quarter, the Polish team took a significant lead that exceeded twenty points. After the half-time break, the home team set a higher pace and significantly reduced the deficit in the score, but they could not find the strength to turn it around and the Polish team won. In the second match between the team Fastav Zlín and BSC Bratislava the first quarter of the match determined the tone. Zlín probably still had thoughts on the road and gained a twenty-point deficit, which they carried on their shoulders throughout the match and because of that they lost their opening match. The last pair that entered the tournament were Beksa from Pardubice and the Ukrainian team BC Uzhhorod. Just as complicated was Beska's arrival by train to the tournament, so was her first match. The Czech team was clearly disorganized and the number of losses and mistakes gave them no chance of winning against the Ukrainian team. Beksa was also in another interesting match on Friday, where they greatly troubled the eventual tournament winner Gromy Nowy Tomyśl. In doing so, they immediately corrected their poor performance from the first match.

The Saturday program was dominated by the match between the Polish team Gromy Nowy Tomyśl. They first played a fantastic match against Zlín, which showed a heroic performance in this match, but in the end, thanks to a few small things, they did not achieve victory. In the afternoon program, another great match was played with the Slovak team BSC Bratislava. The Slovak team won the first quarter for themselves, the half belonged to the Polish team, after the third quarter BSC was again in the lead and in the end the Polish team celebrates victory. The match was both on a seesaw and more than heart-stopping for the spectators. The home team also wanted to speak about the overall standings and win one of the medals. First, they took on the Ukrainian team BC Uzhhorod with vigor. In the first half, they built a slight lead in the score, after the third quarter the score was even. In the last quarter, they fought for every ball and the Ukrainian team finally won. After this great match, they chose a weaker moment with Beksa from Pardubice. The home team played the first half in a good rhythm, then there was a slowdown and the second half was under the direction of the Pardubice team, which thus gained its first victory.

On Sunday, the Polish team Gromy Nowy Tomyśl had to fight hard to defend their victory in the tournament, and their tough opponent was the Ukrainian team BC Uzhhorod. The match was high-paced and committed, with many great performances and was fought until the last minute. Beksa managed to cope with Zlín and in the final match, which could no longer affect the standings in the BSC tournament, they defeated the home team.

Final tournament standings:

1. Gromy Nowy Tomyśl (Poland)
2. BSC Bratislava (Slovakia)
