

AK Orly Wroclaw wins the U12 tournament

The third tournament in the U12 category was hosted by the Polish city of Katowice. The Polish team AK Orly Wroclaw showed the best performance and deservedly won gold medals.

The tournament offered an unconventional schedule of matches due to the situation, so the home team did not play in the first match. The pair for the first match is made up of the Polish teams AK Orly Wroclaw and Polonia Varšava. The Orly enter the tournament in full force and do not give the team from the Polish capital any chance to think about winning. The second match offered a dramatic Slovak derby. The authors of this drama are the teams Strojár Malacky and BSC Bratislava. Malacky is significantly losing the entire first half of the match. During the half-time break, the coach apparently poured "holy water" on them in a meeting, because how else can we explain that a completely different team entered the game, which in the end squeezed out a win by two points. The fans saw the home team NEFROMEDICA UKS SP27 Katowice in the third match of the tournament. They challenged "Beks" or, more officially, the Czech team BK VIVIDBOOKS Pardubice to a duel. The home team entered the game well and built a double-digit lead, but Beska started to "ride" from the second quarter and galloped to victory by twenty-five points.

On Saturday, the home team scored three wins over BSC, Malacky and Warsaw. Beks, who had a desire to win a medal position, won wins over Warsaw and Malacky, but the match with Orly did not go as expected. They lost this match, having been several points behind the Polish team from the beginning of the match and eventually losing by a difference of fifteen points.

On Sunday, Beks first defeats BSC and confirms the silver medal. In the second match of the day between Malacky and Warsaw, a dramatic battle for fourth place took place, where it was decided only in overtime. The Slovak team won by a single point. The players were very happy about it. The tournament was closed by a battle between the home team and the teams from Wrocław, after the first quarter it seemed that the Eagles were clearly going for victory, gaining a double-digit lead. However, Katowice did not give up and at halftime the scoreboard showed a result with a difference of only one point. However, the second half was dominated by the AK Orly Wroclaw team, condemning the home team NEFROMEDICA UKS SP27 Katowice to the bronze medal. In the event of a home team win, the mini-table of three teams (Katowice, Wrocław and Pardubice) would have to decide and every point in the score would be decisive, but this did not happen and AK Orly Wroclaw won gold.

Final tournament standings:

1. AK Orly Wroclaw (Poland)
