

WKK Wrocław wins the U15 tournament

The 17th U15 tournament took place in the Polish city of Wrocław. The home team used their knowledge of their environment perfectly and won gold medals at the tournament.

In the opening match, the home team WKK Wrocław "warmed up" slightly against the Czech team Basketpoint Frýdek-Místek. The second match of the tournament between the German team Academy Potsdam and the Polish team NBA Jelenia Góra was much more dramatic. In the first half of the match, Potsdam is ahead by several points. However, NBA does not give up and after a powerful onslaught, it catches up with the German team at the end of the third quarter. In the last quarter, Potsdam wins by a single point. In the third match of the day, the Czech team Slavoj BK Litoměřice defeats the German team VR Bank Würzburg Akademie. Friday evening closes the match between NBA Jelenia Góra and Slavoj BK Litoměřice. Here, the decision will be made only after overtime in favor of the Polish team. This match was subsequently also key for determining the medal standings. In any case, such matches are an adornment and advertisement for basketball in this category. Great individual performances, big shots and a great atmosphere.

On Saturday, Basketpoint fights bravely against the NBA in the morning program. However, the Polish team is luckier in the end, as it wins by two points. The next match is another big fight, this time between Litoměřice and Potsdam. The Czech team maintains a small single-digit lead throughout the match and ultimately wins by a difference of six points. No one has enough exciting matches, so this trend continues in the match between the NBA and the German team VR Bank Würzburg Akademie. Here, the Polish team wins, but the German team took the lead several times during the match and the match was like a seesaw. A real strain on the "heart chambers" of the fans of both teams. As an extra, we can offer the match between Basketpoint and Potsdam, where we can congratulate ourselves that there is a permanent medical service at CEYBL tournaments, as it was again a heart attack match. Potsdam recorded the second unsuccessful end of three matches and lost it by a difference of eight points.

On Sunday, Potsdam continues to spoil its statistics of equal endings when it fails to manage another match, this time with VR Bank Würzburg Akademie. Litoměřice wins in a direct confrontation for the bronze medal with Basketpoint and only thanks to Friday's loss to NBA does the silver medal slip through their fingers. NBA bravely resists the home team in the last match of the tournament, but the home team is uncompromisingly pursuing victory and winning gold medals from the tournament.
