

AK Ostrów 1947 wins The Finals U17

The U17 final tournament took place in the Polish city of Ostrów Wielkopolski. And the home team was the one who won the gold medals after the fight and became the winner of The Finals U17 for the 2025/2026 season.

This year, the final tournament will feature a new system. Eight teams will be competing in two groups of four. The seeding into the groups will be based on the team's placement in the preliminary round. After the preliminary round, only one match will be played for placement. Therefore, if a team wants to play for gold medals, it must win the group.

In group "A" we can watch the battles of the teams NINERS Chemnitz Academy , Weegree AZS Opole , Lublinianka KUL Basketball and AK Ostrów 1947 U16, the younger home team that joined the tournament after Vienna withdrew. Group "B" includes the teams AK Ostrów 1947 , KS Korona 1919 RadwanSport Kraków , ŠBK Galaxy Košice and Jižní Supi .

In group "A" the younger home team AK Ostrów 1947 U16 loses heavily to another Polish team Weegree AZS Opole . Even in the second match of this group the difference in score was huge, when the German team NINERS Chemnitz Academy had no mercy with the Polish team Lublinianka KUL Basketball . The "A" group offered a balanced match only in the last match of the day. Here the teams Opole and Lublinianka meet. A very balanced match, where little things decide for themselves, is ultimately won by the team from Opole with a difference of six points. On Saturday, it is worth mentioning the match for first place in the group between the teams from Chemnitz and Opole. In the end, the difference in score is too cruel for the Polish team, which fought throughout the match and did not leave the German team even a meter of the board free. Chemnitz eventually wins by more than twenty-five points.

In group "B" the home team AK Ostrów 1947 first defeats the Slovak team ŠBK Galaxy Košice . In the second match the Polish team KS Korona 1919 RadwanSport Kraków quite comfortably wins over the Czech team Jižní Supi . Everything important in this group will happen on Saturday. Here first Korona loses to the Košice team. Korona relied too much on individual play in the end unlike Košice and that was the deciding factor. The last match of the group shook the order, when Jižní Supi team quite unexpectedly but deservedly defeated the Košice team. A mini table of three teams was created here, which brings nothing to the South Supi despite the win over the team from Košice, on the contrary this result helped Korona into the fight for the bronze medals and on the contrary sent Košice into the fight for the fifth place.

On Sunday we play for the position. First, the team Jižní Supi defeats the younger home team AK Ostrów 1947 U16 . In the match for fifth place, the disappointment of Košice was too great and the enthusiasm of the Lublinians was maximum, so the Polish team leaves the tournament with a win. In the match for bronze, Korona pulled the "short ends of the rope" in the minimal first half of the match in a duel with the Opole team. Subsequently, the concentration improved and despite the stiff resistance of Opole KS Korona 1919 RadwanSport Kraków defended the victory and the bronze medals. The grand final is initially controlled by the German team NINERS Chemnitz Academy , which, however, faces enormous pressure from the home team AK Ostrów 1947 . The pressure from the home team does not stop and the German team slowly succumbs to the atmosphere supported by the noisy audience. Absolutely great performances by both teams corresponding to this category. In the end, AK Ostrów 1947 managed to use their home environment to win the gold medal, and the German team NINERS Chemnitz Academy won the silver medal.

Final tournament standings:

2022/2023

1. AK Ostrów 1947 (Poland)
