

The first U14 tournament this year was dominated by home Ostrava

This year's opening tournament took place in Ostrava and showed that the host team will be one of the favorites of the entire competition. All 5 matches were clearly won by the home players and most of them by a very large margin.

At the beginning of the tournament, we unfortunately had to deal with a big inconvenience with the theft of our equipment from the hall, but in the end we managed to broadcast all the matches live, for which we are glad.

Already the first match of the home boys against Trnava showed who will be the clear favorite. Ostrava clearly had the upper hand in the next matches as well, and it was only in the last two matches that they found a more capable opponent. In the end, however, she won both of these duels with a difference of over 30 points.

Second place will be taken by Inter Bratislava , who are returning to our competitions after a hiatus. In the fight for silver, the Slovak boys managed to outplay the Polish team and newcomers to the NBA Jelenia Góra .

Another newcomer in the competition, namely BK Teplice finished just below the podium. The other ranks were occupied by long-standing participants, i.e. SKM Zastal Zielona Góra and Slávia Trnava teams.

Final standings of the tournament:

1. BK NH Ostrava (Czech Republic)
2. BK Inter Bratislava (Slovakia)
3. NBA Jelenia Góra (Poland)
4. BK Teplice (Czech Republic)
