

## WKK still undefeated across categories

***So far this season, a simple rule applies. If the boys of WKK Wroclaw are playing somewhere, the other teams are only playing for second place, and in addition, they are still looking for a team that could beat this Polish team first.***

In addition to Trnava, the U15 category tournament was also played this weekend at a traditional location, one could say the most traditional. This is the beautiful WKK sports center in Wroclaw, Poland.

The home team confirmed its dominance this year in this tournament as well and managed to win all 4 matches.

However, the big fight took place for the second place, when the other 3 teams had the same balance of 2-2. They all beat each other, but BA Nymburk had the best score from those matches.

The bronze goes to Germany to the Oberpfalz Hunters team. They were able to torment the home team Wroclaw the most, but a narrow loss against Jižní Supi on Sunday was fatal for them.

Basket Team Suchy Las ended the tournament without a single win.
