

Inter dominated the 2nd U13 category tournament in November

Three weeks after the triumph in České Budějovice, Inter Bratislava went to another tournament in the Czech Republic. Much more balanced matches awaited him in Děčín, but again there was no conqueror.

Less than a month was enough for the BK Inter Bratislava team to lead the overall table in the U13 category with a 10-0 record and suddenly become one of the main favorites for the championship. After dominating the first tournament in Slovakia, the boys from the Slovak capital now had a much more difficult time, but at the end they could once again rejoice at winning the gold.

The second place remained at home, when the host club Válečníci Děčín lost only to the later winner. Other matches were also very balanced for Děčín, but victorious. Above all, the opening duel of the tournament, in which they beat BK Brandýs nad Labem by a single basket, brought great drama. As it turned out later, it was a straight fight for 2nd and 3rd place.

Two national teams SKM Zastal Zielona Góra and ORLEN Akademia BM Stal finished below the podium. An interesting fact is that both clubs also had older boys in the U15 category in the game this weekend.

The last place without a single win was finally left for Basketpoint Frýdek-Místek .
