

## Olomouc the first winner of 2024

***The opening tournament of the new year was provided by the boys in the U14 category, for whom it was already the sixth stop. The host club BCM Olomouc was delighted with the victory, which thus claimed its first victory in the competition.***

Many close matches were seen in Olomouc, where there was a big battle between several teams for the position on the podium. In the end, the best prepared for the home tournament were the boys BCM Olomouc , who won all 5 matches.

The silver goes to Slovakia to the BBA Komárno team, which lost only to the winners. Key to this position were two winning fights against strong Polish opponents, which they pushed under them.

The third and fourth places were occupied by two teams from Poland, which, according to the current overall table, should have been among the main favorites. Together with BC Swiss Krono Żary and WKK Wrocław they fought in their opening match at the tournament, and after great drama, Żary won by a single point, taking the bronze.

Fifth and sixth place belong to two Slovak teams. The mutual match for the only victory sounded clear for MBK Karlovka Bratislava . The boys Slávia Trnava are still waiting for their first win of the year.

### Final standings of the tournament:

1. BCM Olomouc (Czech Republic)
2. BBA Komárno (Slovakia)
3. BC Swiss Krono Żary (Poland)
4. WKK Wrocław (Poland)
