

Ostrava also won its second U14 tournament

Even in the second U14 category tournament, the boys from the BK NH Ostrava team did not find a winner, and together with Stargard they share the lead in the overall table.

In the week before the tournament in Halle, Germany, one of the original participants dropped out, and thanks to the activity of the organizing team Mitteldeutsche Basketball Academy it was possible to find a replacement. Another German team Niners Chemnitz started the tournament outside the overall ranking, but was certainly an adequate replacement, and we thank him once again for his participation.

As already mentioned in the introduction, the tournament was dominated without hesitation by the boys BK NH Ostrava, who managed all their matches without any major difficulties. Their most equal opponent was Thuringia Select Team, which eventually finished behind Ostrava in second place.

The great drama for the bronze took place on Sunday, when Jižní Supi surpassed their Polish opponent Basket 4kids Zielona Góra by a single point.

Both newcomer Niners Chemnitz and home team Mitteldeutsche Basketball Academy recorded their only win in the tournament. As these teams did not play each other, the 5th and 6th places were decided by Chemnitz's overall score of one point.
