

Ostrów Wielkopolski the winner of the second U14 tournament

AK Stal Ostrów Wielkopolski became the winner of the tournament at home. The climax of the tournament was a duel with another Polish team, MKS Ósemka Skierniewice, which eventually dominated the home team by a difference of six points. The match was also very attractive for the spectators, as a total of 188 points were

scored, which is not so common in this category.

Thus, AK Stal Ostrów Wielkopolski became the winner of the second tournament in the U14 category. Another Polish team MKS Ósemka Skierniewice takes silver medals. The last medalist is Freak City Bamberg, who, although they lost significantly to the home team, then kept pace during the entire match with the silver team from Skierniewice, which they lost in the end with a difference of eleven points.

The Czech teams (BCM Orli Prostějov a Jížní Supi) did not do very well in the tournament and took fourth and fifth place respectively. Polish team Lublinianka KUL Basketball ended the tournament without a win.

The interesting thing about the tournament is that the 100-point mark was broken six times, and in the imaginary final match, only three points were missing from breaking the 100-point mark.
