

WKK the winner of the U13 domestic tournament

WKK went through the fourth tournament of the U13 category like a knife through butter. They beat all their opponents by double digits.

On Friday, WKK dealt with the German team from Münster and the wolves from Žďár nad Sázavou with a difference of more than twenty points. For the future winner of the tournament, an ideal match to play out the entire rotation of players. The match between the German team from Münster and the falcons from Dubča brought about a balanced match, where neither team reached the goal of fifty scored points, so depending on the point of view, we can talk about great defenses or the impotence of the scorers. The second balanced match offered a Czech-Slovak duel between the warriors from Děčín and the biosaurs from Komárno, which ended up being better for the team from northern Bohemia.

Even the wolves from Žďár nad Sázavou did not come to sell their skins cheaply. They didn't do well on Friday and it resulted in heavy losses against home team WKK and Děčín. On Saturday and Sunday, the wolves sharpened their teeth better and properly bit the teams from Komárno, Münster and Dubče, unfortunately for them they did not manage to win in either case.

On Sunday, Komárno lost its bronze medal match with UBC Münster by eleven points. Sokol Dubeč goes home with a good feeling, because in the last game they beat the wolves from Žďár. And finally, in the imaginary final, WKK wins with a start-finish style over the warriors from Děčín with a difference of more than twenty points.
