

BK Inter Bratislava wins the U15 tournament

The ninth tournament of the U15 category took place in Brandýs nad Labem. The Slovak team BK Inter Bratislava showed the best performances and deservedly won the gold medals.

At the CEYBL base in Brandýs nad Labem, the first match was played by the Polish team Lublinianka KUL Basketball against the Czech team Jížní Supi . The Czech team fared better in this match. The second match was also a Czech-Polish match. It was between the teams Válečníci Děčín and BC Swiss Krono Žary . The Polish team fared better in this match, so it could be said that the Czech-Polish duel is currently at 1:1. The last match of the first round was a duel between the Slovak team BK Inter Bratislava and the German team Academy Potsdam . Inter did not "mess around" with it at all and it was practically decided after the first half of the match. On Friday, the Válečníci also played their best match, as they played a nice basketball game with Inter, and even though they were losing by twenty points, the match left a pleasant basketball impression.

On Saturday morning, Potsdam was surprised by the Polish team from the city of Žary. One could say that they literally destroyed them. Probably no one expected such a clear course and result of the match after Friday's results. In any case, a well-played match with excellent energy from the German team. However, they probably gave too much energy in this duel, because in the afternoon match with the Warriors they lacked energy for most of the match. The Warriors played this match great. They were basically in a double-digit lead throughout the match, in the end Potsdam came within striking distance, and in the end the Czech team defended the victory by three points. In the last match of the day, Žary showed themselves in a better light, when they won over the Czech team Jížní Supi , mainly thanks to the performance of the Polish representative Filip Wilko.

On Sunday, Potsdam defeats Lublinianka, who was the better team for at least half of the match. In the second match, Inter, in complete peace of mind, wins over Žary, thus confirming their gold medal win. The last match was ultimately a fight for third place in the tournament. The Supi had no mercy on the Warriors. The Warriors, already weakened by several injured players, do not put up much resistance, and the Southern Supi literally "throw and tear" as befits and belongs to the Southern Supi. The team from the southern tip of Prague wins the bronze medals.
