

Dynamo Bratislava wins the U16 tournament

The fifth tournament of the U16 category took place in the Slovak city of Pezinok. Only a few points of difference in the score decided the medal standings. The best was the Slovak team Dynamo Bratislava, which thus won gold medals.

In the first match of the tournament, the home team BK Pezinok led the Polish team Lublinianka KUL Basketball for three quarters. In the last quarter, the home team led by nine points, but in the end, after a complete collapse, they managed to lose by ten points. In the second match, the Slovak team Dynamo Bratislava changed the path of the German team ESV Ingolstadt Ringsee throughout the tournament. Ingolstadt was slightly ahead after the first quarter, but unfortunately, in the second quarter, one of their leaders was seriously injured, so an ambulance had to intervene for the first time and unfortunately not the last time in the tournament. This completely changed the atmosphere of the match and it was basically just a play-off, even though both teams tried to play, it still affected the events on the court. In the third match of the day, the Czech team Academy NH Ostrava failed to play its role as a favorite against the Polish team Basket 4kids Zielona Góra . Even though the Czech team arrived quite incomplete, expectations were high. On the other hand, this does not diminish the quality performance of the Polish team. This was the first match that had a significant impact on the medal standings. In the afternoon program, the home team put in a great performance against 4kids, leading by six points after three quarters. Unfortunately, the fourth quarter came again and, due to a short period when concentration dropped, they managed to lose the match by eight points.

On Saturday, the main role was played by the Slovak team Dynamo Bratislava , which first lost to Ostrava, which performed great, just as we usually know it. However, in the afternoon program, Dynamo showed itself in a much better light, when throughout the game it was a better team than the Polish team Basket 4kids Zielona Góra . These next two games decided the ranking for first to third place. The home team finally breathed a sigh of relief after winning over Ingolstadt, which was completely decimated by injuries, and which almost no longer has enough fingers to count the injured. The home team also played a decent game against Ostrava, but it was not enough to win.

Sunday was already calm, both in terms of the number of injuries and the surprises in the results. The favorites confirm their medal ambitions quite easily. It is also worth thanking, because Mr. rescuer Marcel had an unprecedented amount of work. Photographers bring you interesting and high-quality photos. And the organizational team, including the management, took care of the teams and participants with unprecedented care, so everyone must have felt welcome and comfortable.
